Indiana Regional Medical Center ^{Route}

Resting in the heart of western Pennsylvania, Indiana offers the perfect blend of history and progress, industry and scenery, culture and charm.

When Indiana Regional Medical Center first welcomed the public in November of 1914, it was a 40-bed facility with 13 private rooms. From the time of its opening, the hospital's mission has been to serve the community with quality, progressive, compassionate patient care.

Over the years, this nonprofit institution has grown to become the county's sole full-service healthcare provider. Throughout its many renovations, expansions in services and continued advancements in knowledge and technology, Indiana Regional Medical Center has remained unchanged in its commitment to serve the community.

Our Mission

The mission of IRMC is to improve the health and well-being of our community through the coordinated delivery of high-quality, cost-effective and compassionate care.

Our Vision

The vision of IRMC is to be the best community hospital in the country.

Our Patient - Centered Values

Compassion, Respect, Integrity, Excellence

Steps to a Healthier You
